#### Tables in this clause

The classes of State VicSmart application are listed in three tables to this clause:

- Table 1 lists the classes of State VicSmart application under a zone.
- Table 2 lists the classes of State VicSmart application under an overlay.
- Table 3 lists the classes of State VicSmart application under a particular provision.

Each table in this clause is divided into three columns:

- Column 1 specifies the development.
- Column 2 lists the provision of the scheme that contains the permit requirement applicable to the development.
- Column 3 specifies the information requirements and decision guidelines in Clause 93 applicable to the class of State VicSmart application.

A class of State VicSmart application means a development specified in Column 1 of the table that requires a permit under a provision listed in Column 2 of the table.
