

REFERRALS

Applications of the kind listed below must be referred to the person or body specified as a referral authority in accordance with Section 55 of the Act. This requirement is in addition to any other referral required in this scheme.

66.01 Subdivision

KIND OF APPLICATION	REFERRAL AUTHORITY
To subdivide land other than: <ul style="list-style-type: none"> • Boundary realignments. • Subdivisions of existing buildings already connected to services. • Two lot subdivisions. • Subdivisions for the creation of lots to correspond with existing flats and car parking spaces. 	The relevant water, drainage or sewerage authority The relevant telecommunication authority The relevant electricity supply or distribution authority The relevant gas supply authority
To subdivide land outside the metropolitan fire district which creates a road.	Country Fire Authority
To subdivide land if the only access to a lot is over Crown land which has not been reserved or proclaimed as a road.	Minister administering the Land Act 1958
To subdivide land crossed by a gas transmission pipeline or a gas transmission pipeline easement.	The relevant gas supply authority
To subdivide or develop land within 60 metres of a major electricity transmission line (220 Kilovolts or more) or an electricity transmission easement.	The relevant electricity transmission authority

Note: Subdivisions which do not require referral under this clause must be referred if it is a requirement under any other clause in this scheme.

Conditions on subdivisions not requiring referral

Permits for subdivisions listed above as not requiring referral (other than for the creation of lots to correspond with existing flats and car parking spaces) must contain the following conditions:

- The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, drainage, sewerage facilities, electricity, gas and telecommunication services to each lot shown on the endorsed plan in accordance with the authority's requirements and relevant legislation at the time.
- All existing and proposed easements and sites for existing or required utility services and roads on the land must be set aside in the plan of subdivision submitted for certification in favour of the relevant authority for which the easement or site is to be created.
- The plan of subdivision submitted for certification under the Subdivision Act 1988 must be referred to the relevant authority in accordance with Section 8 of that Act.

Referrals under the Subdivision Act

For the purpose of Section 8 of the Subdivision Act 1988 referral of a plan is only required if:

- A referral is required by a permit issued under this scheme. The plan must be referred to the relevant authority listed above.
- A plan creates, varies or removes an easement or restriction likely to be of interest to a referral authority. The plan must be referred to the relevant referral authority above.
- The only access to a lot on a plan is over Crown land and the Minister administering the Land Act 1958 has not consented or provision has not been made for a road to be reserved or proclaimed. The plan must be referred to that Minister.
- In the opinion of the Council the plan may affect existing sewerage, water, drainage or other works. The plan must be referred to the referral authority responsible for those works.

66.02 Use and development

KIND OF APPLICATION	REFERRAL AUTHORITY
<p>For a use or development requiring any of the following:</p> <ul style="list-style-type: none"> • Works approval in accordance with Section 19A of the Environment Protection Act 1970. • A licence to discharge or emit waste in accordance with Section 20 of the Environment Protection Act 1970. • Amendment of a licence under Section 20A of the Environment Protection Act 1970. 	Environment Protection Authority
To use or develop land for mining.	Secretary to the Department administering the Mineral Resources Development Act 1990
To remove or destroy native vegetation if the area to be cleared is 10 hectares or greater.	Secretary to the Department administering the Flora and Fauna Guarantee Act 1988
To remove or destroy native vegetation if the area to be cleared combined with any area to be cleared under a concurrent or previous application on the same or contiguous land, which was in the same ownership on the 30 June 1989, and the combined area is 10 hectares or greater.	Secretary to the Department administering the Flora and Fauna Guarantee Act 1988
To remove, destroy or lop native vegetation if a land management plan or works program is submitted.	Secretary to the Department administering the Flora and Fauna Guarantee Act 1988
To use or develop land for a cattle feedlot.	Minister for Agriculture and Resources If the site is located within a special water supply catchment area under the Catchment and Land Protection Act 1994, the relevant water authority under the Water Act 1989 and the Secretary to the Department administering the Catchment

KIND OF APPLICATION	REFERRAL AUTHORITY
	and Land Protection Act 1994 If the number of cattle is 5000 or more, the Environment Protection Authority
To remove, destroy or lop native vegetation on Crown land which is occupied or managed by the responsible authority.	Secretary to the Department administering the Flora and Fauna Guarantee Act 1988
To remove, destroy or lop native vegetation on a road.	Secretary to the Department administering the Flora and Fauna Guarantee Act 1988
To use or develop land that is within a Special Water Supply Catchment Area listed in Schedule 5 of the Catchment and Land Protection Act 1994 and which provides water to a domestic supply.	The relevant water board or water supply authority
This does not apply to an application for a sign, fence, roadworks or unenclosed building or works ancillary to a dwelling.	
To use or develop land for timber production by establishing a plantation.	The Secretary to the Department of Natural Resources and Environment
To use or develop land for timber production by harvesting timber from native forest, including thinning, if the area of native forest to be subjected to timber production operations is 10 hectares or greater.	The Secretary to the Department of Natural Resources and Environment
To use land for an industry or warehouse for a purpose listed in the table to Clause 52.10 shown with a Note 1 or if the threshold distance is not to be met.	Environment Protection Authority
To use land for an industry or warehouse for a purpose listed in the table to Clause 52.10 shown with a Note 2 and if a licence is required under the Dangerous Goods (Storage and Handling) Regulations or the Dangerous Goods (Explosives) Regulations.	The Minister administering the Dangerous Goods Act 1985
To construct a building or construct or carry out works on land used for an industry or warehouse for a purpose listed in the table to Clause 52.10 and shown with a Note 2 if both: <ul style="list-style-type: none"> • The premises are licensed under the Dangerous Goods (Storage and Handling) Regulations or the Dangerous Goods (Explosives) Regulations. • The area of the buildings and works will increase by more than 25 percent. 	The Minister administering the Dangerous Goods Act 1985
To use or develop land for extractive	Secretary to the Department administering
