An application must be accompanied by the following information as appropriate:

- A copy of title for the subject land and a copy of any registered restrictive covenant.
- A plan, drawn to scale and fully dimensioned showing:
 - The boundaries and dimensions of the site.
 - The location of existing buildings.
 - All car parking spaces and access lanes.
 - Allocation of car parking spaces to different uses or tenancies, if applicable.
 - Landscaping and sensitive water design treatments.
- A written statement that describes:
 - The proposed use of the site, number of employees and patrons and hours of operation.
 - The previous use of the site.
 - The site and floor area to be occupied.
 - The number of car parking spaces required under Clause 52.06-5 or in a schedule to the Parking Overlay.
 - The total number of car parking spaces provided.
 - The likely impact of a reduction in car parking on the amenity of the area and on the area's existing car parking.

93.10-2 Decision guidelines

In assessing an application the responsible authority must consider as appropriate:

- Whether the reduction of the car parking requirement is consistent with any relevant local planning policy or incorporated plan.
- The objectives contained in the schedule to the Parking Overlay.
- Whether there is availability of alternative car parking in the locality including:
 - Efficiencies gained from the consolidation of shared car parking spaces.
 - Public car parks intended to serve the land.
 - On street parking in non-residential zones.
 - Streets in residential zones specifically managed for non-residential parking.
- The practicality of providing car parking on the site, particularly for lots of less than 300 square metres.
- Whether there is any car parking deficiency associated with the existing use of the land.
- Whether there is any credit that should be allowed for car parking spaces provided on common land or by a Special Charge Scheme or cash-in-lieu payment.
- Whether fewer car parking spaces will impact local amenity, including pedestrian amenity and the amenity of nearby residential areas.

- Whether there is a need to create safe, functional and attractive parking areas.
- The availability of public transport in the locality of the land.
- The convenience of pedestrian and cyclist access to the land.
- The likelihood of multi-purpose trips within the locality which are likely to be combined with a trip to the land in connection with the use.
- The equity of reducing the car parking requirement having regard to any historic contributions by existing businesses.
- Whether any car parking spaces to be provided meet the design standards of Clause 52.06-10.
- Any relevant decision guideline specified in a schedule to the Parking Overlay.
