### **13.06-1S Air quality management**

31/07/2018  
VC148

#### **Objective**

To assist the protection and improvement of air quality.

#### **Strategies**

Ensure that land use planning and transport infrastructure provision contribute to improved air quality by:

- Integrating transport and land use planning to improve transport accessibility and connections.
- Locating key developments that generate high volumes of trips in the Central City, Metropolitan Activity Centres and Major Activity Centres.
- Providing infrastructure for public transport, walking and cycling.

Ensure, wherever possible, that there is suitable separation between land uses that reduce air amenity and sensitive land uses.

#### **Policy documents**

Consider as relevant:

- *State Environment Protection Policy (Air Quality Management)*
- *Recommended Buffer Distances for Industrial Residual Air Emissions (Environment Protection Authority, 1990)*
