

52.07 LOADING AND UNLOADING OF VEHICLES

Purpose

To set aside land for loading and unloading commercial vehicles to prevent loss of amenity and adverse effect on traffic flow and road safety.

Requirements to be met

No building or works may be constructed for the manufacture, servicing, storage or sale of goods or materials unless:

- Space is provided on the land for loading and unloading vehicles as specified in the table below.
- The driveway to the loading bay is at least 3.6 metres wide. If a driveway changes direction or intersects another driveway, the internal radius at the change of direction or intersection must be at least 6 metres.
- The road that provides access to the loading bay is at least 3.6 metres wide.

A permit may be granted to reduce or waive these requirements if either:

- The land area is insufficient.
- Adequate provision is made for loading and unloading vehicles to the satisfaction of the responsible authority.
